

100% Canadian owned and operated, St. Louis Bar and Grill first opened its doors in Toronto in 1992. Since they started franchising just over 15 years ago, they have brought their fun, casual sports bar and grill concept to more than 70 neighbourhoods across the country. St. Louis has become famous for their 'Devilishly Good!' signature wings, succulent ribs, fantastic fries, and patented garlic dill sauce. Their local neighborhood establishments have become a favourite destination to watch the game and enjoy the company of family and friends in a casual and comfortable atmosphere that at the same time is sophisticated enough to host your next business meeting.

Announcing! **St. Louis Express** coming to a location near you.

In addition to continuing to grow its network of traditional restaurants, St. Louis has launched a new Express concept focused on takeout and delivery service of their most popular menu items.
